## PREFACE

The act of March 1, 1889, establishing a Census Office in the Department of the Interior . . . provided that the Superintendent of Census in taking the eleventh Census, should "cause to be taken on a special schedule of inquiry, according to such form as he may prescribe, the names, organizations, and length of service of those who had served in the Army, Navy or Marine Corps of the United States in the war of the rebellion, and who are survivors at the time of said inquiry, and the widows of soldiers, sailors, or marines"

The work of the enumerators, which was begun on the first Monday of June 1890, was completed by July 1 of that year. During this period many thousands of letters were written to veterans to obtain information not obtained by the enumerators, and inquiries were published in newspapers throughout the country in order to elicit responses from veterans overlooked in the enumeration.

Each special schedule includes the name of the veteran (or if he did not survive, the names of both the widow and her deceased husband), the veteran's rank, company, regiment or vessel, date of enlistment, date of discharge, and length of service in years, months, and days.

Post office address of each person is listed, which we did not include in this schedule, in some cases we did list the disability incurred by the veteran. Persons who enlisted and served under assumed names, and afterwards assumed their lawful names, are listed under their real names followed by their aliases. In a few cases names of Confederate veterans were recorded inadvertently.

If you can't find your veteran in these schedule we would like to suggest you write

Adjutant General  
1717 Industrial Drive  
Jefferson City, Missouri 65101

or

Military Service Records  
Washington, D. C. 20408

You will need a Veterans Record Form from the Military Service Records office.
